

Working together to share knowledge on how to promote the high quality rural produce of their regions, Argyll, Ayrshire and Arran, Malopolska and Lodz invite you to find out more about each region from the following websites:

www.foodfromargyll.co.uk

The award winning Food From Argyll initiative is dedicated to showcasing the best in food and artisan produce from throughout Argyll. At events across the country, Food from Argyll producers are bringing a taste of the West Coast of Scotland to new audiences.

Ayrshire

www.tasteayrshire.co.uk

Set in the stunning West Coast of Scotland, Ayrshire is blessed with a wonderfully mild climate and fertile land. With their delicious, fresh and abundant produce our Artisan Producers supply their award winning cheeses, ice cream, seafood, meat and dairy products across the world. Coupled with Michelin-starred restaurants to effortlessly cool cafés, Ayrshire is a must-visit destination for intrepid foodies on the search for something uniquely tasty.

www.odrolnika.pl

LittlePoland, the region where our food grows, is fortunate to have land which is perfect for livestock farming, as well as growing vegetables and fresh organic produce. Our expertise in husbandry, land usage and methods of production along with our weather and climate is reflected in the high quality of our wonderful produce; seasonal vegetables, organic produce and herbs, together with soft and autumnal fruits, meat and fish.

The Taste of Rural Europe Project is supported and partially funded by the LEADER Programme. LEADER seeks to support rural communities throughout Europe in responding to some of the many development challenges that they face.
