Presented by, Vesela Lambevska-Domazetova

Brussels, 11 November, 2010
Establishing the RDN

- Rural Networking Initiative created on grounds of human capacities and knowledge of several civil associations, supported by MAAS Project (SIDA)
- The work of the RDN of RM is based on the bottom up initiatives streamlined as ‘single rural voice’
- The idea for RDN of RM rests on 3 significant processes
  - Professional preparation for setting strong and stable basis for network
  - Intensive external harmonisation of ideas on ensuring participation of future membership and discussions with future key partners
  - Prepare plan on management, financing and fund raising
- Established and officially registered Rural Development Network of RM in March 2010
- Adopted Strategy for the period 2010-2015 and Action Plan for implementation
- Adopted Communication strategy and plan for implementation
Strategy of the RDN 2010-2015

• Vision: “A progressive and vibrant rural Macedonia of inclusive and engaged communities where guided by the principles of sustainability, its social, cultural, natural and economic assets are harnessed to achieve an improved quality of life for all”.

• Key Objectives:
  - Establishment of a suitable collection, analysis and promotional procedure for information relating to MK rural development activities
  - Creation of detailed information delivery procedures to inform individuals and grassroots groups on availability of rural development opportunities through national, regional and international agencies
  - Strengthening of opportunities for training, mentoring and coaching plus knowledge/skills sharing opportunities between RDN membership
  - Establishment of capacities and structures to take advantage of innovative approaches, new knowledge and best practices from EU member states
  - Improvement in the capacity and structure for RD stakeholders (members and partners) to promote their services
  - Construction of a lobbying and advocacy service for member organizations;
  - Strengthening of available structures to provide feedback to government on situation within rural sector
Actions of the RDN

- Providing information on rural development policies at national and international level;
- Promotion of inter-territorial cooperation, networking and exchange of good practice;
- Increase transparency of measures and realisation of set of rural development policies.
- Share knowledge of the good practices for developing capacities, specifically for LEADER
- Work with stakeholders from the rural areas and the future Local Action Groups (LAG) within LEADER, to identify their training needs and support the implementation
- Support stakeholders from the rural areas and the future LAG’s in preparation of strategies and annual project programs.
- Access to information related to rural development
- Participation on debates regarding government policies and strategies influencing rural communities and contribute in bringing key decisions
