

## Fostering innovation & activities for advisory and innovation services

“Fostering innovation in agriculture, food production, forestry and rural areas” is one of the four mandatory objectives of National Rural Networks. At the same time, “activities regarding the provision of networking for advisors and innovation support services” is one of the mandatory tasks of NRNs. Support for achieving this objective & task is primarily provided by the [EIP Service Point](#). Some joint activities of the EIP and the ENRD have also been carried out.

The table below aims to provide support and guidance on innovation, through displaying useful information from the ENRD in chronological order (from 2014 onwards).
