OBJECTIVE

Initial position / background / local context of the proposed project (max 800 characters)

The starting situation or local context in which the projects is going to operate

Dumfries & Galloway LEADER LAG is looking for partners to develop a transnational cooperation project to build capacity and boost regional pride in rural communities through community-led events and activities, under the 'Day of the Region' banner.

Day of the Region is a community development model which strengthens and celebrates community spirit and regional identity in rural communities through local-led activity programmes.

Dumfries and Galloway was the first region in the UK to deliver the Day of the Region initiative in 2011. Since then, the D&G Day of the Region project has been delivered – and developed – by a number of communities across our region every year.

Day of the Region encourages rural communities to engage in a celebration of their community and to showcase the clubs, activities and assets of the community.

Proposed objectives / target group and activities (max 800 characters)

Dumfries and Galloway LEADER LAG plans to develop the Day of the Region community development model further with transnational partners in an innovative three year project (subject to funding).

Project objectives include:

1. Exchange visits to share knowledge and develop a robust community development model
2. Collecting data demonstrating Social Return On Investment of Day of the Region-type community development programmes using online Social Value engine tool
3. A focus on young people/intergenerational work in rural communities, to tie in with Scottish Government theme of Year of Young People in 2018
4. Developing community-to-community mentoring programmes in rural areas
5. Creating a toolkit for delivery of Day of the Region-type community development programmes (project legacy)
