## OBJECTIVE

### Initial position / background / local context of the proposed project (max 800 characters)

#### *The starting situation or local context in which the projects is going to operate*

The choice of integrated and participatory management of rural landscapes arises from the widespread awareness, at European and global level, of the needs of rural areas to have knowledge systems that can preserve the uniqueness of the landscape and the heritage (cultural, natural and cultivation) of these areas and exploit their potential in terms of tourism and food farming.

The local context in which the projects are going to operate is composed of rural areas, where the variety of assets can be an asset for the development but it must be managed through appropriate policies, methods and tools.

### Proposed objectives / target group and activities (max 800 characters)

To strengthen local sustainable development processes, LAG BATIR considers useful to start cooperation with other LAGs that have similar issues or complementary experiences.

The planned activities are:

- Study visits to the territories of partner LAG to deepen mutual understanding, to exchange experiences and good practices for rural landscapes;
- Realization of guidelines for the implementation of the integrated and participatory management of rural landscapes;
- Organization of information and communication event about the goals and results of the project.

### Country and /or kind of partner you are looking for (ALL EU in case the interest is on any EU country)
