

Climate Change Mitigation and Adaption in RDPs:

Assessing the scope and measuring the outcomes

Why a Good Practice Workshop?

- **Share good practice** in national and international experiences with climate change adaptation and mitigation in agriculture and forestry
- **Identifying effective approaches** to assess the contribution of CC related measures of 2007-2013 RDPs
- **Review the main challenges and solutions adopted** to assess the contribution of CC related measures
- **Draw main lessons** to assess the effectiveness and efficiency of CC related measures for the 2014-2020 RDPs

Agenda

Day 1: 13:00 - 18:00

- **Welcome**
- **EU context and current trends:** DG Agriculture
- **Assessing RDPs contribution to CC:** DG Agriculture
