Potentialities of EN RD: expectations, contributions

Leader subcommittee meeting – 28/04/2009

- **What is the added-value of networking?**
- **What are the needs :**
 - to support the creation of LAGs? for networking? for trainings?
- **What are the difficulties in the implementation of Leader?**
 - of MA? of NRNs? of LAGs?
- **What activities of the EN RD can help address these needs and difficulties?**
- **What kind of coordination do you already ensure between yourselves?**

- Which are the **thematic approaches** chosen for the local strategies of the LAGs?
- Which are the **major bottlenecks** in the implementation of Leader?
- What are **concrete tools** to enhance the implementation of Leader?
 - Are actions only foreseen for the LAGs or also for the Managing Authorities?
 - Who provides what for whom?
 - Are the NRNs a real tool to support Leader?
 - What interactions and coordination between the EN RD and the NRNs?
- What is being done to **ensure that transnational cooperation** is really working?
- What is the feedback on the administrative "**Guide for implementation of the measure cooperation...**"
