

EN RD seminar

“Semi-subsistence farming in the EU: current situation and future prospects”

**Sibiu, Romania,
21 – 23 April 2010**

Semi-subsistence farming in the EU: current situation and future prospects

Framework

- technical seminar
- max 200 participants – NRNs, MA-s, academics, organisations (associations, NGOs, LAGs...)

Topics to be covered

- Current situation of semi-subsistence farms in the EU-27
 - definition, challenges, needs and prospects
 - contributions to rural society
- How MS are using EU support to meet the needs and promote restructuring?
- Role of accompanying measures and delivery systems
- Which (RD) policy mechanisms and instruments are well adapted to support semi-subsistence farms' needs?
