The aims of RurUrbAI

The final aim of the Rururbal project was the creation of a Common Cross-border Territorial Governance Charter for the sustainable development of peri-urban territories, based on local products.

The objectives of the project were done through pilot actions involving

- **awareness, training and information regarding the value of local food products and their role in sustainable local development**
- **production, processing and marketing small circuit of local food products**

*From Greece,
Department of agricultural
economics, Faculty of Agriculture
Aristotle University of Thessaloniki –
has participated in
RurUrbAI*

Knowing that

food conscience can be achieved gradually and through the implementation of nutritional education from childhood until adolescence,

and

recognizing the role of women in the economic activities involved in transforming local food products

We have chosen as pilot actions the awareness of young people and consumers in general, towards the local food products produced by womens' cooperatives, operating in the periurban areas of Thessaloniki.

1. Theatrical play "formula of life"

2. When local products become gourmet dishes

3. Participation in the Food Festival in Thessaloniki

4. Downtown Tasting
