Welcome to LEADER Transnational Cooperation [TNC] Guide homepage

The LEADER Transnational Cooperation Guide is intended to provide an effective cooperation tool tailored to the needs of the current 2007-2013 programming period and distilled and re-packaged a range of relevant TNC information focusing on two core aims:

- to clarify what cooperation is and the benefits it can bring; and
- to present a comprehensive step by step guide to TNC, that clearly explains concepts linked to planning, implementation, monitoring and evaluation of cooperation projects

Updates will also aim to reflect the information needs of readers and so please send any suggestions for new and useful material, or general feedback on the guide, to cooperation@enrd.eu. Your comments are warmly welcomed!
