

Filiere alimentari

"Filiere alimentari" è uno dei sottotemi del lavoro tematico della RESR su "Zone rurali intelligenti e competitive". Si ricollega direttamente alla priorità 3 della politica di sviluppo rurale dell'UE "promuovere l'organizzazione della filiera alimentare, comprese la trasformazione e la commercializzazione dei prodotti agricoli, il benessere degli animali e la gestione del rischio nel settore agricolo".

Gli argomenti chiave trattati nell'ambito di questo sottotema erano:

- creare valore aggiunto lungo la filiera;
- mantenere il valore aggiunto all'interno delle zone rurali;
- espandere i mercati rurali e creare "destinazioni rurali";
- politiche alimentari e accesso a mercati urbani;
- accesso ai mercati della ristorazione pubblica;
- forme di specializzazione intelligenti.
