

Targeted data management for evidence based evaluation of RDPs 2014-2020

The Good Practice Workshop co-organised by the Evaluation Helpdesk and the Region Nouvelle - Aquitaine, “**Targeted data management for evidence based evaluation of Rural Development Programmes 2014-2020**” took place on 5-6 December, 2016 in Bordeaux, France.

Thematic Focus

The aim of the workshop was to provide a forum for the discussion and exchange of data management practices for evidence based evaluations. This workshop brought together evaluators, Managing Authorities, Paying Agencies, LAGs and NRNs in order to:

- Discuss the approaches for data management in RDPs 2014-2020;
- Exchange on the availability and quality of the data to be used for the AIR to be submitted in 2017 and beyond;
- Reflect about potential data gaps and bottlenecks in data management and the solutions to overcome them.
