La Estrategia de Bioeconomía de Europa constituye un documento político fundamental sobre esta cuestión a nivel europeo. Sin embargo, también existen documentos políticos relevantes a nivel nacional y una creciente cantidad de publicaciones científicas sobre bioeconomía.

En esta sección del Portal de bioeconomía rural se recopilan documentos relacionados con la promoción de la bioeconomía en las zonas rurales, como el material elaborado por el grupo temático de la REDR.

Si desea proponer la inclusión en este portal de algún documento, póngase en contacto con nosotros en la dirección [bioeconomy@enrd.eu](mailto:bioeconomy@enrd.eu) [1].
