

En savoir plus

La stratégie de l'UE pour la bioéconomie est le document politique clé dans ce domaine au niveau européen. Il existe cependant des documents politiques pertinents au niveau national et un volume croissant d'ouvrages scientifiques consacrés à la bioéconomie.

Cette section du portail « Bioéconomie rurale » rassemble des documents traitant de la promotion de la bioéconomie en zone rurale, y compris les documents élaborés par le groupe thématique du REDR.

Si vous souhaitez nous suggérer d'ajouter ici un certain document, contactez-nous à l'adresse bioeconomy@enrd.eu [1].
