

Investment opportunities for agri projects

The [European Investment Project Portal](#) ^[1] (EIPP) now accepts smaller projects (minimum € 1 million). This aims to boost the visibility of projects led by municipalities, regions and start-ups to a large network of international investors.

Get inspired by [agriculture and rural development projects](#) ^[2] already on the platform.

Find out more about [investment opportunities in rural areas](#) ^[3] and how these can be strategically combined with support from the European Agricultural Fund for Rural Development – read [Chapter 5 of EU Rural Review 21](#) ^[4].
