

Pilot Study on the participation of the agricultural sector in BBI JU - Tender

The Bio-based Industries Joint Undertaking (BBI JU) is planning to contract a service provider in the first quarter of 2019 to perform a pilot study on the participation of the agricultural sector in BBI JU.

The study should focus on business models, challenges and recommendations to enhance the impact on rural development. All detailed information is available on the [BBI JU website](#) [1].

[BBI JU - Bio-Based Industries Joint Undertaking](#) [2] - is a €3.7 billion Public-Private Partnership between the [EU](#) [3] and the [Bio-based Industries Consortium](#) [4], operating under Horizon 2020.
