

Priority topics for Water and Soil Management

The [second meeting](#) ^[1] of the ENRD Thematic Group (TG) on [Water and Soil Management](#) ^[2] (15 December 2017) discussed findings from the initial research work carried out by the ENRD Contact Point on results-based payment schemes, collective approaches, and nutrient management.

The meeting gathered various rural development stakeholders to refine these sub-themes and exchange on how good practices around them can be transformed into recommendations for more effective RDP implementation.
