

Social innovation in the Western Balkans

Explore a selection of good practice examples of social innovation in areas such as healthcare, rural networking and tourism development in Western Balkan rural areas in the latest [brochure](#) [1] of the Horizon 2020 project [SIMRA](#) [2].

The highlighted examples explore societal challenges faced in countries of the region and innovative solutions emerging in their rural areas. Explore more good practices on social innovation in SIMRA's [database](#) [3].
