News

First meeting of EU Rural Networks' Steering Group

The first meeting of the EU Rural Networks' Steering Group took place in Brussels on 23 February 2015. The meeting marked the start of the Steering Group's work of providing guidance and coordination to the activities of the two European Rural Networks (ENRD and ER-AGRI).

Representatives exchanged views on the most important topics and priorities for 2015 and how the European networks could work on these themes in practice. This report will guide the ongoing development of the networks' activity plans. The full meeting report will be made available on the [ENRD website](#).

For more information on the establishment and composition of the Steering Group, see pages 20-24 and Annex 6 of the [EU Rural Development Strategic Guidelines and Implementation Plan](#).
