 Key CAP reform documents >	[2]
 Member State preparations >	[3]
 Events >	[4]
 Other related information >	[5]

This portal on the ENRD website provides information to support stakeholders' preparations for the Common Agricultural Policy (CAP) post-2020 programming period.

The ENRD has undertaken a range of activities which help to identify and share the lessons of the current programming period's support for rural development. This experience can be taken into consideration where relevant during the preparation of the future CAP Strategic Plans.

The portal contains links to legal and official texts from the EU institutions concerning the CAP post-2020 period. Presentations and materials from Member States and ENRD events relating to CAP programming are also available, as is relevant further information from other sources concerning the next period of CAP support.

Content for the portal's webpages will continue to be updated as new information becomes available.
