

RDP Summaries

European Rural Development policy is implemented through Rural Development Programmes (RDPs), documents drawn up by EU Member States and regions setting out priority approaches and actions to address the needs of the specific geographical area they cover.

In the 2014-2020 programming period*, there are 118 national and regional RDPs whose implementation is co-financed by the European Agricultural Fund for Rural Development (EAFRD) and national contributions.

See below summaries highlighting selected content of each national and regional RDP, including planned expenditure and 2023 targets.

For the full RDP texts and other informational material, click [here](#) [1].

* Please read the [content disclaimer](#) [2] on UK data.
