

RÉSUMÉS DES PDR

La politique européenne de développement rural est mise en œuvre au travers des programmes de développement rural (PDR), des documents rédigés par les États membres et les régions de l'UE qui exposent les approches stratégiques et les actions prises pour répondre aux besoins du territoire géographique qu'ils couvrent.

Pour la période de programmation 2014-2020, on dénombre 118 PDR nationaux et régionaux dont la mise en œuvre est cofinancée par le Fonds européen agricole pour le développement rural (FEADER) et les contributions des États membres.

Consultez ci-dessous les résumés qui présentent quelques aspects clés des PDR nationaux et régionaux, notamment les dépenses prévues et les objectifs pour 2023.
