[Digitally Visiting - Finland](#) [1]

Keywords:

Digitisation, Education & lifelong learning, Information & Communications Technology (ICT),
Rural Inspiration Awards: nominees

Countries:

Finland

The Digitally Visiting project has pioneered digital skill development in Central Finland. The project has demonstrated that there is a large need for local digital support to develop residents' digital skills,

especially in remote rural regions. The project encouraged and guided rural residents to use electronic services and so has contributed to making rural living in Central Finland more appealing.

Digi-Hub for Elderly People [2]

Keywords:

Information & Communications Technology (ICT), Rural services, Smart Villages

Countries:

Finland

A small, remote rural community of around 1 300 inhabitants in Finland launched a Digi-Hub for the elderly.

PRIP: Development of broadband connection infrastructure

[3]

Keywords:

Broadband, Information & Communications Technology (ICT), Rural services, Smart Villages

Countries:

Lithuania

The PRIP project extended the national fibre-optic network in Lithuania to some of the remotest rural communities.
