[Digitally Visiting - Finland](#) [1]

Keywords:

Digitisation, Education & lifelong learning, Information & Communications Technology (ICT),
Rural Inspiration Awards: nominees

Countries:

Finland

The Digitally Visiting project has pioneered digital skill development in Central Finland. The project has demonstrated that there is a large need for local digital support to develop residents' digital skills,

especially in remote rural regions. The project encouraged and guided rural residents to use electronic services and so has contributed to making rural living in Central Finland more appealing.

Restoration of the Röcknitzbach stream [2]

Keywords:

Biodiversity, Climate, Environmental protection, Nature conservation, Protected areas, Water management

Countries:

Germany

A project addressing the Water Framework Directive, by restoring the natural flow of a stream, while preserving the local cultural heritage and protecting from floods.

Broadband Network Development in Rural ‘White Areas’ of Greece [3]

Keywords:

Broadband, Information & Communications Technology (ICT), Rural Inspiration Awards: nominees, Rural services

Countries:

Greece

The Rural Broadband project is a national intervention to close the digital divide in remote and sparsely populated rural ‘white areas’.

Digi-Hub for Elderly People [4]

Keywords:

Information & Communications Technology (ICT), Rural services, Smart Villages

Countries:

Finland

A small, remote rural community of around 1 300 inhabitants in Finland launched a Digi-Hub for the elderly.

Breitbandausbau Nordhessen - bridging the digital divide in rural areas [5]

Keywords:

Broadband, Information & Communications Technology (ICT), Smart Villages

Countries:

Germany

Five districts in the north of Hesse joined forces to provide fast internet access in a region where no privately financed investment was covering the existing digital divide.

Digitisation of Reindeer Husbandry [6]

Keywords:

Animal husbandry, Digitisation, Information & Communications Technology (ICT), Information & promotion activities, Innovation

Countries:

Finland

A study financed by the Finnish RDP aimed to find new digital solutions for making reindeer husbandry a more efficient and profitable business.
