[Digitally Visiting - Finland](#) [1]

Keywords:

Digitisation, Education & lifelong learning, Information & Communications Technology (ICT),
Rural Inspiration Awards: nominees

Countries:

Finland

The Digitally Visiting project has pioneered digital skill development in Central Finland. The project has demonstrated that there is a large need for local digital support to develop residents' digital skills,

especially in remote rural regions. The project encouraged and guided rural residents to use electronic services and so has contributed to making rural living in Central Finland more appealing.

Digi-Hub for Elderly People [2]

Keywords:

Information & Communications Technology (ICT), Rural services, Smart Villages

Countries:

Finland

A small, remote rural community of around 1 300 inhabitants in Finland launched a Digi-Hub for the elderly.

Boyndie Visitor Centre [3]

Keywords:

Job creation, LEADER/CLLD, Tourism, Vocational training & skills acquisition

Countries:

United Kingdom

EAFRD funding helped expand and develop a social enterprise in rural Scotland. A new training centre is built, a visitor centre expanded and more jobs for adults with special needs created.

Broadband Fibre in Östra Bräcke [4]

Keywords:

Broadband, Information & Communications Technology (ICT), Rural services, Smart Villages

Countries:

Sweden

In Sweden, local non-profit associations, encouraged and supported by the public sector, are carrying out the building of broadband infrastructure in the countryside.

Getting access to rural broadband for an isolated rural community [5]

Keywords:

Information & Communications Technology (ICT), LEADER/CLLD, Smart Villages, Social inclusion

Countries:

Spain

A local association used EAFRD support to get broadband coverage in a rural area which was previously lacking any access to internet or telephone connection.

[Setting up a house locating system in Formentera](#) [6]

Keywords:

Information & Communications Technology (ICT), LEADER/CLLD, Smart Villages, Social inclusion

Countries:

Spain

Setting up a house locating system in the rural areas of Formentera island, Spain, made it easier for emergency services and other service providers to access isolated rural homes.
