## [EAFRD Projects Brochure 'Bioeconomy'](#) [1]

This edition of the EAFRD Projects Brochure illustrates how the mainstreaming of the bioeconomy is being accelerated by Rural Development Programmes (RDPs) around Europe.

A sustainable bioeconomy, while it benefits everyone, has particular relevance for rural communities.

The twelve projects featured in this Projects Brochure illustrate how RDPs are helping rural communities seize the opportunities offered by the bioeconomy through the production of sustainable food and feed, innovative bio-based products, renewable energy, environmentally sustainable growth and awareness raising.
