## [Rivista rurale dell'UE n. 25 "Uso efficiente delle risorse"](#) [1]

Questo numero della rivista rurale dell'UE, dedicato a un uso efficiente delle risorse, analizza le implicazioni per lo sviluppo rurale del concetto "fare di più con meno". Incentrato esclusivamente sulla gestione dell'acqua e del suolo, esso evidenzia come le zone rurali possano diventare più efficienti sotto il profilo delle risorse.

La pubblicazione descrive pratiche virtuose in questo ambito ed evidenzia come la politica di sviluppo rurale dell'UE possa essere utilizzata al meglio per sostenere una gestione più efficace delle risorse naturali. Viene inoltre presentato il programma dell'Unione europea "LIFE", i cui progetti pilota forniscono molteplici esempi virtuosi di pratiche sostenibili che possono essere replicati nel comparto agricolo e in altri settori dell'economia rurale.

Questo numero si fonda sul lavoro tematico di più ampio respiro della RESR su "[Economie rurali efficienti sotto il profilo delle risorse](#) [2]".
