EAFRD Projects Brochure 'Bioeconomy' [1]

This edition of the EAFRD Projects Brochure illustrates how the mainstreaming of the bioeconomy is being accelerated by Rural Development Programmes (RDPs) around Europe.

A sustainable bioeconomy, while it benefits everyone, has particular relevance for rural communities. The twelve projects featured in this Projects Brochure illustrate how RDPs are helping rural

communities seize the opportunities offered by the bioeconomy through the production of sustainable food and feed, innovative bio-based products, renewable energy, environmentally sustainable growth and awareness raising.

Smart RDP support for smart Rural Businesses [8]

The factsheet overviews business-support tools supported under the Rural Development Programme (RDPs), including knowledge transfer, advisory services, farm and business development, basic services, Cooperation (M16) and LEADER/CLLD.

It was prepared as background material for the ENRD Seminar [9] on 'Revitalising Rural Areas through Business Innovation' (Brussels, March 2017).

EAFRD Projects Brochure 'Digital and Social Innovation in Rural Services' [11]

This edition of the EAFRD Projects Brochure profiles twelve participatory social and digital initiatives that are enhancing rural services in six key areas: multi-service hubs; health, education; mobility; energy; and digitisation of the village itself.

The examples showcase how rural communities can sometimes respond to the challenges they face faster than policy, using innovative funding solutions such as private sector investment and crowdfunding.

The Rural Development Programmes (RDPs) can provide complementary support to local communities at each stage of the transformation process of a rural area into a 'smart village [12]': from the initial idea to successful scale-up.

EAFRD Projects Brochure 'Information and Communication technology (ICT)' [19]

This publication highlights how ICT is being used as an essential tool for unlocking the potential of rural areas, making them more attractive places to live, work and visit.
