[**EAFRD Projects Brochure 'Smart and Competitive Rural Areas'**](#) [1]

This edition of the EAFRD Projects Brochure presents examples of methods and approaches that have been used across Europe to deliver results on the topics of rural broadband, digital access to market, farm modernisation, market development, rural diversification and sustainable communities.

It hopes to provide inspiration on how to develop the strategies and tools for different types of rural areas to be economically competitive, while at the same time preserving their natural resources and social cohesion.

[EAFRD Projects Brochure 'Supporting Rural Business'](#) [8]

This edition of the EAFRD Projects Brochure explores how Rural Development Programme (RDP) funding – co-financed by the EAFRD – has been used not only to support individual rural businesses, but also to create the kind of enabling environment that allows businesses to prosper in rural areas.

Supporting rural business usually means providing strategic interventions that can increase the

likelihood of successful, self-sustaining economic activities in rural areas.

The projects highlight inspiring examples of how to provide advice, training and networking opportunities to rural businesses, as well as targeted investment in the digital and physical infrastructure needed by rural business, both on-farm and in other rural sectors of activity.

[Rural Businesses: Rural digital hubs](#) [15]

This comparative case study on 'Revitalising rural areas through digitisation' is based on three rural digital hub examples: Cocotte Numérique (France), #hellodigital (Scotland) and the Ludgate Hub (Ireland).

The study explores how to most effectively set up and run rural digital hubs, promoting the use of digital technology in rural areas. It has a strong focus on practical implementation aspects (including first steps, main triggers, initiators, financial and human resources, challenges and lessons learnt).
