## [EAFRD Projects Brochure 'Transition to Greener Rural Economies'](#) <sup>[1]</sup>

This edition of the EAFRD Projects Brochure explores how people in rural areas have used Rural Development Programme (RDP) funding - co-financed by the EAFRD - to support actions that can be part of the 'Transition to Greener Rural Economies'.

This transition is about taking advantage of economic opportunities that are environmentally and socially sustainable. It is also about pursuing improved environmental performance in ways that are economically and socially viable.

The projects reflect some of the breadth of relevant approaches that can be supported under the (RDPs), including: making a living from biodiversity; doing more with less; promoting green tourism; generating renewable energy from rural production; installing renewable energy infrastructure in rural areas; and cooperating for a greener economy.
