[EAFRD Projects Brochure 'Bioeconomy'](#) [1]

This edition of the EAFRD Projects Brochure illustrates how the mainstreaming of the bioeconomy is being accelerated by Rural Development Programmes (RDPs) around Europe.

A sustainable bioeconomy, while it benefits everyone, has particular relevance for rural communities. The twelve projects featured in this Projects Brochure illustrate how RDPs are helping rural

communities seize the opportunities offered by the bioeconomy through the production of sustainable food and feed, innovative bio-based products, renewable energy, environmentally sustainable growth and awareness raising.

[EAFRD Projects Brochure 'Smart and Competitive Rural Areas'](#) [3]

This edition of the EAFRD Projects Brochure presents examples of methods and approaches that have been used across Europe to deliver results on the topics of rural broadband, digital access to market, farm modernisation, market development, rural diversification and sustainable communities.

It hopes to provide inspiration on how to develop the strategies and tools for different types of rural areas to be economically competitive, while at the same time preserving their natural resources and social cohesion.

[EAFRD Projects Brochure 'Supporting Rural Business'](#) [10]

This edition of the EAFRD Projects Brochure explores how Rural Development Programme (RDP) funding – co-financed by the EAFRD – has been used not only to support individual rural businesses, but also to create the kind of enabling environment that allows businesses to prosper in rural areas.

Supporting rural business usually means providing strategic interventions that can increase the likelihood of successful, self-sustaining economic activities in rural areas.

The projects highlight inspiring examples of how to provide advice, training and networking opportunities to rural businesses, as well as targeted investment in the digital and physical infrastructure needed by rural business, both on-farm and in other rural sectors of activity.

[Rural Businesses: Rural digital hubs](#) [17]

This comparative case study on 'Revitalising rural areas through digitisation' is based on three rural digital hub examples: Cocotte Numérique (France), #hellodigital (Scotland) and the Ludgate Hub (Ireland).

The study explores how to most effectively set up and run rural digital hubs, promoting the use of digital technology in rural areas. It has a strong focus on practical implementation aspects (including first steps, main triggers, initiators, financial and human resources, challenges and lessons learnt).

[EAFRD Projects Brochure 'EAFRD Project Examples 2007-2013'](#) [19]

This special edition of the ENRD's EAFRD Project Examples Brochure has been designed to celebrate the EAFRD's achievements during the 2007-2013 programming period and to inspire similar high quality projects for the 2014-2020 period.

[Water and Soil Management: inventory of examples and case studies](#) [29]

This inventory was put together by the ENRD Thematic Group on '[Sustainable Management of Water and Soils](#) [30]' (2017-2018).

It overviews various initiatives in terms of challenges, lessons learned and recommendations, including on ways of making better use of public support.

EAFRD Projects Brochure 'Resource-Efficient Rural Economies' [32]

This edition of the EAFRD Projects Brochure explores how Rural Development Programme (RDP) funding – co-financed by the EAFRD – has been used to support the sustainable use of natural resources, particularly water and soil.

The concept of resource efficiency is based on the idea of 'doing more with less'. In this context, the projects featured in this edition highlight inspiring practices of creating greater economic and environmental value from fewer inputs.

The European Agricultural Fund for Rural Development (EAFRD) is providing valuable support to Europe's rural economies, encouraging a faster rate of change towards a more sustainable agricultural sector.

[EAFRD Projects Brochure 'Transition to Greener Rural Economies'](#) [39]

This edition of the EAFRD Projects Brochure explores how people in rural areas have used Rural Development Programme (RDP) funding - co-financed by the EAFRD - to support actions that can be part of the 'Transition to Greener Rural Economies'.

This transition is about taking advantage of economic opportunities that are environmentally and socially sustainable. It is also about pursuing improved environmental performance in ways that are economically and socially viable.

The projects reflect some of the breadth of relevant approaches that can be supported under the (RDPs), including: making a living from biodiversity; doing more with less; promoting green tourism; generating renewable energy from rural production; installing renewable energy infrastructure in rural areas; and cooperating for a greener economy.
