[22]

This edition of the EAFRD Projects Brochure presents twelve projects that show how Rural Development policy is helping to make rural areas more attractive places for young people to live and work, in agriculture and beyond.

Youth in rural areas, and young farmers in particular, enhance rural vitality and pave the way for stronger value chains and rural prosperity. Generational renewal is one of the preconditions for improved competitiveness of the agricultural sector over the longer term and for sustainable food production in Europe.
