Rural Connections Magazine, Autumn/Winter 2018 Edition [1]

This edition focuses on communications uncovering the latest thinking from rural networkers while profiling some great examples of communication using digital channels, on-farm knowledge exchange and marketing initiatives to support Rural Development policy implementation.

The edition also includes the regular news and updates from the ENRD and the EU, as well as a

collection of rural perspectives delving into topics ranging from bioeconomy value chains in Southern European countries, to initiatives to improve rural broadband, to a World Bank economic report that demonstrates how the CAP benefits the rural economy and drives growth.

[Rural Connections Magazine, Autumn/Winter 2017 Edition](#) [8]

This edition examines in depth the concept of 'rural proofing' and how it has been applied in practice. It studies the UK and Nordic approaches and features the visions of European Commissioner for Agriculture and Rural Development, Phil Hogan, and Guillaume Cros, member of the European Committee of the Regions.

The edition also includes the regular 'News and updates' from the ENRD and the EU, as well as the

usual 'Rural issues, Rural perspectives' bringing you stakeholder voices on topics ranging from community-led rural broadband initiatives to the first ever European Rural Youth Parliament.

EAFRD Projects Brochure 'Supporting Rural Business' [18]

This edition of the EAFRD Projects Brochure explores how Rural Development Programme (RDP) funding – co-financed by the EAFRD – has been used not only to support individual rural businesses, but also to create the kind of enabling environment that allows businesses to prosper in rural areas.

Supporting rural business usually means providing strategic interventions that can increase the likelihood of successful, self-sustaining economic activities in rural areas.

The projects highlight inspiring examples of how to provide advice, training and networking opportunities to rural businesses, as well as targeted investment in the digital and physical infrastructure needed by rural business, both on-farm and in other rural sectors of activity.

[Rural Businesses: Rural digital hubs](#) [28]

This comparative case study on 'Revitalising rural areas through digitisation' is based on three rural digital hub examples: Cocotte Numérique (France), #hellodigital (Scotland) and the Ludgate Hub (Ireland).

The study explores how to most effectively set up and run rural digital hubs, promoting the use of digital technology in rural areas. It has a strong focus on practical implementation aspects (including first steps, main triggers, initiators, financial and human resources, challenges and lessons learnt).
