Common Network Statistics

Aims:

- provide an overall picture of the achievements of NRNs
- help networks to compare and benchmark their activities with the activities of other networks
- produce summary information about NRNs and their work available online:

https://enrd.ec.europa.eu/networking/nrn-mapping-reports_en

Process:

- **March/April** – data collection launched
- **30 June** – deadline for data submission
- possibility to fill in online survey or excel file

Suggested improvements

NSU survey in 2021 & other feedback

1. adding an indicator for reporting various **communication activities** such as video films, radio broadcasts, TV emissions etc., not only publications ✓ **Dedicated Indicator #Communications?**
2. reviewing the **thematic focus of the activities** (currently aligned with six RDP Priorities that sometimes don't entirely match the scope of the NSU activities) ✓ **Three general objectives of CAP SPs?**
4. Removing Indicator no.8 on **Budget** – difficulties in reporting ?
5. Adding **qualitative indicator** reflecting impact of networking ? ✓ **E.g. sharing 3 top networking achievements of the year**
6. Any other improvements?
