

20th NRN Meeting

Rural Vision Week & the LTVRA

What are the most relevant outcomes from Rural Vision Week that should be incorporated into the work of your NRN?

Focusing Rural Youth

Collecting views from the ground

Relying on multipliers to engage people on the ground

Mindset on the future

Focus on remote and isolated areas

Access to services & connection (transport, internet)

Making rural areas attractive

Importance of LEADER

Permanent Marketplace for NRN on what they are doing (face-to-face for the future?)

RIA balance representation of all countries

Balance between virtual and face-to-face meetings (NRN Meetings)

Holistic youth

Intercontentedness

Digitalisation

depopulation

What are the most important actions that your NRN can take in supporting communication and ongoing stakeholder involvement around the Vision?

Promote consultatio/ communica tion event

Online networking exchanges

Links with concrete problems to rural population

Engage rural communities in the Vision

Acting as a platform to bring different opinions together; raise awareness, facilitate discussion

Inter-linking national level administration with local citizens

Supporting local governances and bottom up approaches

Provide feedback to those who participated in the consultation

Regular ways of communication (website, Social Media...) and workshops

Integrate the communication in on-going activities

Use general communications (website, social media)

Plan to communicate the Vision

Translate communication to meaninful results at different levels

Events at the national level on specific groups and topics

Making the link between the Vision and the CSP
