- Fed. of Swedish Farmers Youth League,
- Swedish village movement

Swedish Rural network Thematic group Green Industries

One objective for the group is to take information initiatives on

- the importance of the green industries for a sustainable development,
- how to reach the UN's climate agreement (the Paris Agreement) and global goals for sustainable development

Regional meetings – Energy days 2018

Target groups

- Farmers and other entrepreneurs in the rural areas
- Those who can provide help, advice and contribute to decisions on fossil-free investments such as wind power, solar energy, biogas and biofuel from the forest.
- Municipality business co-ordinators, energy and environmental advisors, politicians at regional and local level, financial institutions

Objectives

- Increased knowledge of current state-of-the-art technology development and profitability for fossil-free energy
- Experiences and inspiration from companies producing fossil-free energy in rural areas

- 11 articles with best practices on fossil free investments in rural areas.
- 20 more articles is planned in autumn 2018
- 1 webinar, 30 participants, 290 viewers

Norrbotten

Värmen strömmar från gamla telecentralen

Verksamheten startade 2008 i Harads gamla telecentral. Idag levererar Arctic Heat närvärme till 67 fastigheter i byn.

Givande kombo mellan hotell och skog

I Korpilombolo förser hotellets fliseldade värmepanna även ett eget hyreshus samt tre kommunala hyreshus med värme.

Biogas naturligt komplement i grisproduktionen

Både gödsel och slakteriavfall används i Alviksgårdens biogasanläggning som täcker hela verksamhetens energibehov.

#5 - Tisdag 27 mars, klockan 12:00-12:45

Landsbygden levererar fossilfritt - Serina Ahlgren, RISE (Research Institutes of Sweden)

#4 - Tisdag 13 mars, klockan 12:00-12:45

Jordbruks- och landsbygdspolitiken efter 2020 - Carl-Johan Lindén, EU-kommissionen

- 6 short videos with best practices on fossil free investments in rural areas.
- 8 more films are planned in autumn 2018

Niclas Norberg, Harads,
Norrbotten

Mats Weinesson, Götala,
Östergötland
