Rural Development

ENRD SEMINAR

“Seizing the Opportunities for Improving RDP Implementation for 2014-2020”

*Paul Soto
ENRD Contact Point
Brussels, 11 June 2015*

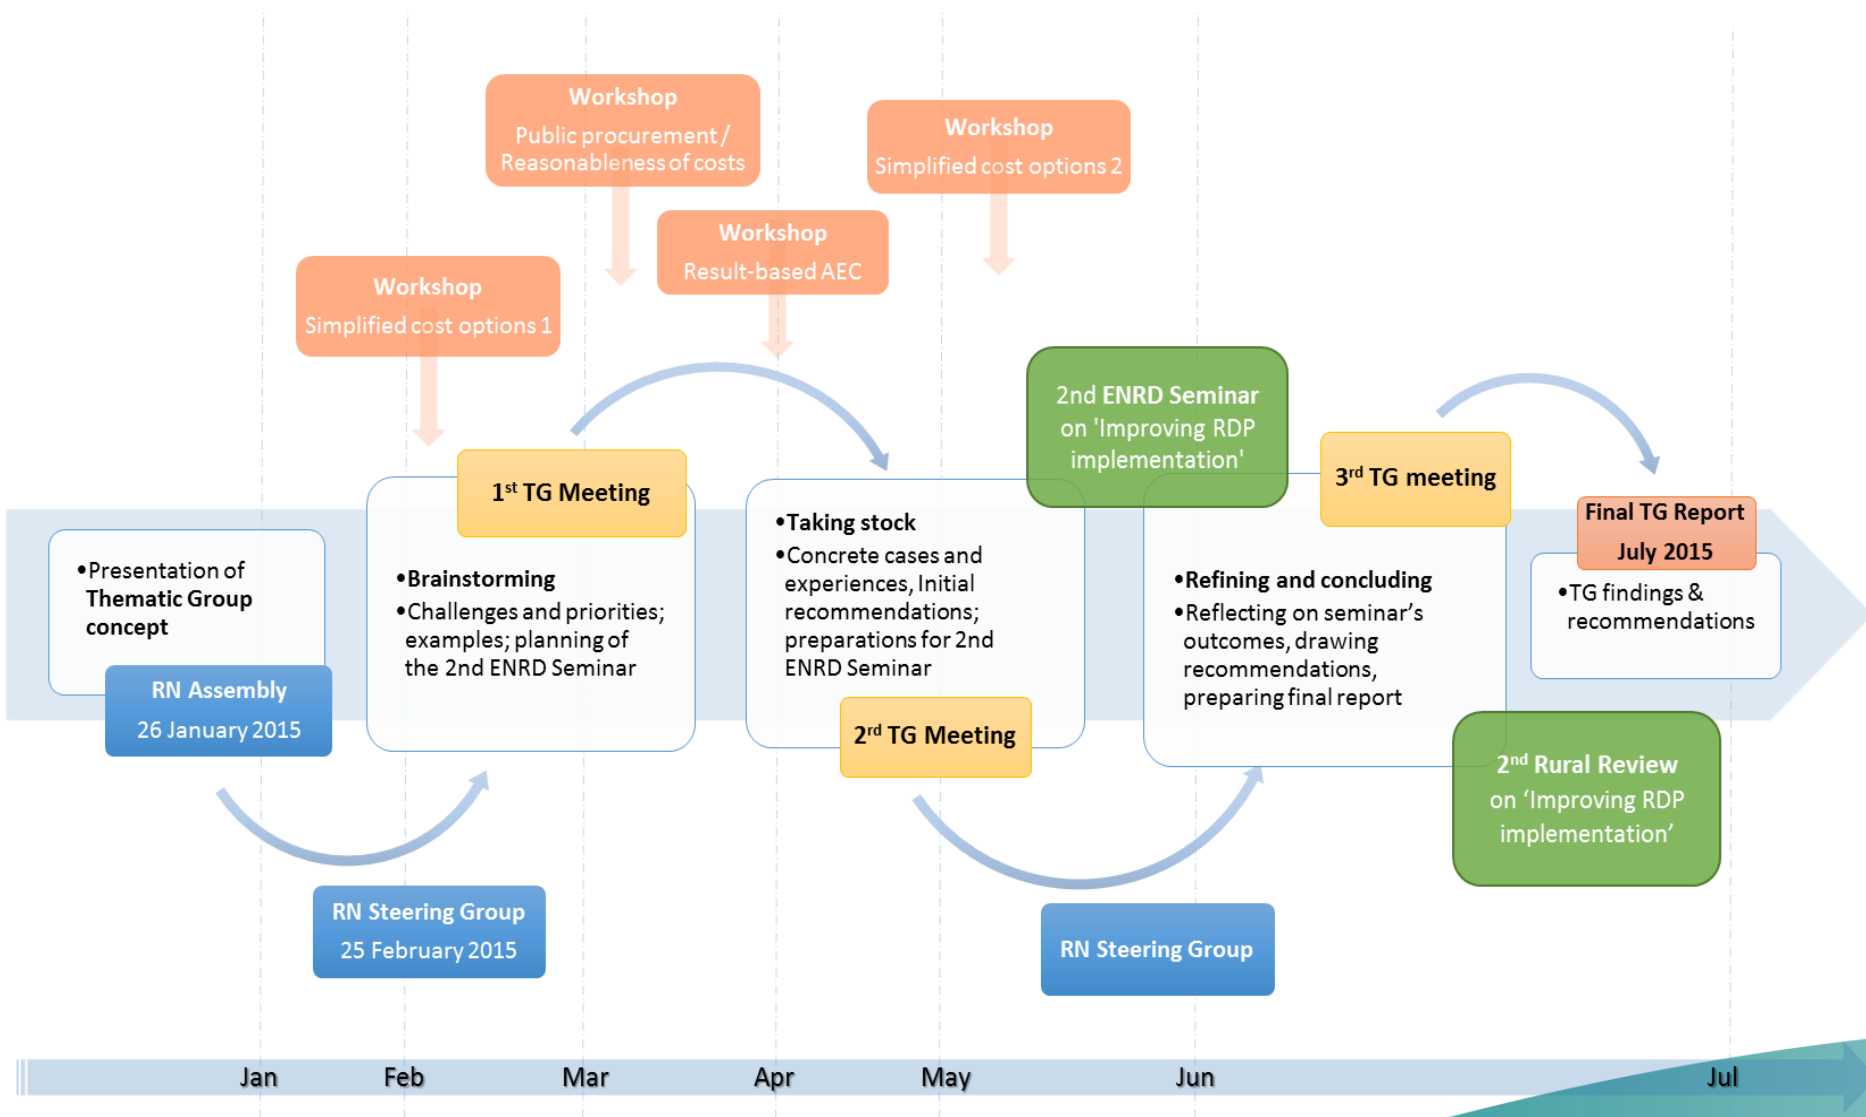

#RDPS_2014_2020

Background to the seminar

- Focus of ENRD CP in Y1 “*where and how networks can achieve best results in their first two objectives:*”
- Objective 1 “Increase the involvement of all stakeholders.. in the implementation of rural development”
- Objective 2 “Improve the quality of rural development policy”
- Have used wide range of tools - linked to formal structures - to help stakeholders explore:
- **What is most urgent? Where is there a critical mass of interest? Where can networks most add value?**
- Consider both horizontal **methods** and **key challenges** (themes).

Aims

- Exchange experiences among those directly involved in RDPs – advanced and less advanced
- Key opportunities and challenges for improving RDP implementation
- Share methods and tools that work
- Identify practical constraints and actions
- Closer working between those responsible for implementation (communities of practice)
- Action by Rural Networks
