Examples of expected achievements

- Almost 2 380 places will be made available in training courses and the programme will give farmers access to advisory services on topics related to the RDP priorities. The region is planning to launch 100 cooperation projects.
- To reach these objectives, the region will support 327 investment projects to restructure or modernise farms and over 650 young farmers will be granted business start-up aid.
- Nearly 17 % of the agricultural land will be under management contracts supporting biodiversity, 15 % under management contracts supporting water management and 15 % of the agricultural land will be under management contracts supporting soil management. Over 14 520 hectares will receive support to convert to organic farming and another 22 617 ha to maintain organic production.
- Local Development Strategies (LEADER), which covers 76 % of the rural population (438 880 inhabitants), will create 35 additional jobs and around 14 490 inhabitants (2.5 % of the rural population) will have better access to ICT infrastructure.

Examples of key challenges

- Basilicata has an average employment rate of 47 % (55 % national average); unemployment rate of 15 % (year 2013) and the youth unemployment rate is 49 %.
- Agriculture contributes to the 9 % of the added value produced in the region.
- Natura 2000 covers 24 % (236 872 ha) of the regional territory.
- Areas classified as less-favoured mountains areas cover 45 % of the UAA.
- The chief environmental challenges relate to soil erosion, water quality and biodiversity protection.

The following table shows how the planned total public expenditure (comprising the EAFRD support and the national contribution) is allocated between rural development priorities. Priority 1 is considered to be cross-cutting and no separate financial allocation is shown as the expenditure is distributed across other focus areas.

Priority	Total public expenditure per priority (million EUR)	% of total public expenditure*

4. Planned expenditure per measure (million EUR)

The following chart shows the indicative planned total public expenditure per measure (comprising the EAFRD support and the national contribution). The measures illustrated in the chart are the complete list of measures selected within the RDP. Measures in color light gray were not selected by the region.

5. Choice of measures by priority and focus areas

Priority 1 is considered to be cross-cutting and no separate financial allocation is shown as the expenditure is distributed across other focus areas. Expenditure under Priority 4 is programmed for the priority as a whole, not for individual focus areas.
