

### I. General information

<b>Thematic provisions</b>	Some examples are provided in the RDP, but there is no prescriptive or indicative list of themes published – it is mainly up to the LAGs to decide about thematic priorities for LEADER cooperation activities.
<b>Territorial provisions</b>	Rural territories in EU MS, urban and coastal territories can also be eligible as partner territories in an inter-territorial cooperation project, non-rural territories cannot be funded under the RDP, but eligible under other funds. Cooperation with third countries is eligible in all four funds. For projects under the RDP, when cooperating with third countries only rural territories are eligible.
<b>Potential partners</b>	<ul style="list-style-type: none"> <li>Local action groups</li> <li>Group of local public and private partners in a rural or non-rural territory implementing a local development strategy. For projects in RDP that cooperate with a third country the partner must be from a rural territory.</li> </ul>
<b>Guidance in other languages / national language</b>	Not published. A short “good to know” guide has been published in Swedish for LAGs.
<b>Eligible beneficiaries for cooperation projects</b>	Local Action Groups, other local actors.
<b>Coordinating/lead partner provisions</b>	Not required for a cooperation project to be eligible for support.
<b>Simplified costs</b>	Simplified cost options are applicable to all projects, for example preparatory actions, inter-territorial cooperation, and trans-national cooperation.
<b>Calls</b>	Calls are not published – projects can be submitted continuously (ongoing) but it is up to LAG to decide. It is possible that some of the LAG:s will use calls.
<b>Project selection</b>	Cooperation is integrated into the LDSs – projects can be submitted continuously. The LAG selects projects for preparatory actions, as well as for both transnational and interterritorial cooperation project (TNC/ITC). Every LAG has their own selection criteria.
<b>Budget allocation for cooperation to LAGs</b>	LAGs decide about cooperation budget within their LDSs. The total budget February 2017 in all Swedish LAG:s LDSs is about 13 073 000 euro and it’s divided as this between the funds: EAFRD 10 446 000 euro, EMFF 831 000 euro, ERDF 887 000 euro and ESF 909 000 euro. LAG has the possibility to reallocate their budget so this amounts can change. Trans-national and inter-territorial cooperation are integrated into the Local Development Strategies – LAGs have been authorised to allocate funds within their LDSs to cooperation. The minimum amount of support is 22 000 SEK (ca 2 400 euro) and no maximum amount of support for a cooperation project have been specified in the RDP (or other official document – this depends on the LDSs/LAGs.
<b>Other provisions</b>	-

## II. Financial information

### Sweden

<b>Total public expenditure</b>	Up to the LAGs to decide how much to allocate for LEADER cooperation within the amount allocated to the LDS.
<b>Maximum amount of support</b>	<i>The MA has not defined a maximum support rate or level for implementation. LAGs can decide for a maximum rate or support level.</i>
<b>Minimum amount of support</b>	The minimum amount of support is 22 000 SEK (ca 2 400 euro).
<b>Maximum rate of support</b>	Maximum rate of support is 100 %
<b>Other provisions</b>	67 % of the total support is provided by the MS. 33 % should be co-financed by other public bodies, e.g. through the LAG's own co-financing or regional bodies.

## III. Preparatory support

<b>Rationale/ purpose of the support</b>	To prepare a plan for the cooperation project.
<b>Eligible beneficiaries</b>	Local action groups and other local actors can also be eligible for preparatory support
<b>Basic eligibility criteria</b>	The key eligibility criteria for preparatory support is the existence of a plan to implement the cooperation project.
<b>Eligible actions</b>	No actions specified. Eligible actions include among others meetings, participation at events, and preparation of a feasibility study for the cooperation project
<b>Eligible costs</b>	The MA has not defined a maximum support rate or level for implementation. LAG:s can decide for a maximum rate or support level. Travel, accommodation, interpreters' fees, consultancy support, translation, rental of venue for meetings and events, as well as catering can be eligible costs – in addition to these, other costs that demonstrably relate to the project can also be eligible
<b>Non-eligible costs</b>	General non-eligible costs have been defined for all measures within the RDP, but there are no special regulations for preparatory actions or cooperation projects. These general non-eligible costs are e.g. related to investments in fossil fuelled power plants, fishing vessels, private properties, etc.

### IV. Inter-territorial Cooperation

<b>Rationale/ purpose of the support</b>	The support is to enable cooperation projects.
<b>Type of eligible territory</b>	Rural territory (EU MS), non-rural territory (EU MS).
<b>Basic eligibility criteria</b>	A LAG and/or group of local public and private partners with a common purpose and goal, implementing a local development strategy should be partners and their cooperation has to be regulated by a contract or letter of intend.
<b>Eligible actions</b>	No actions specified. Eligible actions include among others meetings, participation at events, study visits, joint products, joint services, website, publications.
<b>Eligible costs</b>	Travel, accommodation, interpreters' fees, consultancy support, translation, rental of venue for meetings and events, catering, share of common costs related to joint publication and/or website, telecommunication and/or postal services – in addition to these, other costs that demonstrably relate to the project can also be eligible
<b>Non-eligible costs</b>	General non-eligible costs have been defined for all measures within the RDP, but there are no special regulations for preparatory actions or cooperation projects. These general non-eligible costs are e.g. related to investments in fossil fuelled power plants, fishing vessels, private properties, etc.

### V. Transnational Cooperation (TNC)

<b>Rationale/ purpose of the support</b>	As for inter-territorial cooperation
<b>Type of eligible territory</b>	Rural territory (EU MS), non-rural territory (EU MS), rural territory (third country)
<b>Basic eligibility criteria</b>	As for inter-territorial cooperation
<b>Eligible actions</b>	As for inter-territorial cooperation
<b>Eligible costs</b>	As for inter-territorial cooperation
<b>Non-eligible costs</b>	As for inter-territorial cooperation
