Austrian Bioenergy Map

Did you know that ...

... about 10 percent of the energy consumed in Austria comes from bioenergy?

... approximately 375 global banana plantations, 2,000 olive plantations, and 2,000 sugar beet fields produce bioenergy in Austria, the most significant source in Austria’s agricultural sector?

... 67 percent of Austria’s bioenergy is consumed domestically and by the industry and 13 percent by the transport sector?

... the Austrian bioenergy sector generates a turnover of about €10 billion and employs nearly 6,000 people?

... even though the use of biomass has quadrupled since the 1980s, at the same time, the primary energy factor has decreased by about 40 percent?

... 80 percent of the harvested wood in Austria are used by the wood industry and only 20 percent are used directly in energy needs?
